(b)(3)Discrepancy.

- There is no HMONG tribes living in SAVANNAKHET prov. The HMONG tribes had been living in northern LAOS only as such - XIENG KHOUANG, SAMNEUA, LUANGPRABANG and some in XAYABOURI.
- The scam or fabricator thinking the old memory, during World War Two, the lao villagers in the country side had been hiding the Frenchmen, from the Japanese soldiers and the villagers have taken care for them, but during the Vietnam war was so much different because the country side was controlled by communist PATHET LAO, and there was a lot of propaganda against American bombing their villages.
- There is no way the hilltribe caretaker could have been hiding Americans in a cave so long without knowing from LPDR and Vietnamese authority.
- [redacted] claimed to have learned that one of the Americans had married a local villager and had two sons, this is the same information of [redacted] which his man has just [redacted] one month ago but ^{said} a black American who had married with a local villager.
