The Honorable Bob Smith

During our search for information on this subject, we located a study published in 1975

[REDACTED]

There is a statement in the introduction to the publication which states that the DRV planned to keep some Americans secretly. In light of the seriousness of this implication, we are assembling the documentation used in the study in an attempt to clarify how such a conclusion was reached. The author of the report is participating in the review. We are taking this very seriously and hope to have this review completed by the end of June. We will provide the report together with the results of our review to the Committee as soon as they are available.

An original of this letter is also being sent to Chairman Kerry.

Sincerely,

Stanley M. Moskowitz
Director of Congressional Affairs
