STATE DEPARTMENT MAY 5, 2016 PRODUCTION

We seek six items from State:

- Clinton's communications in the immediate aftermath of her being notified.
- Clinton's records regarding the ouster of Libya's Gaddafi.
- Clinton's records regarding the ouster of Syria's al-Assad.
- Meetings going back to March 2011 between State Department officials and one or more nine named individuals.
- Records generated during the attack itself, such as video and radio communications.
- "Survivors' accounts of the attack..."
