Dear Roger:

Hi Per your telephone call with Michael Kurtz last week, attached is the list of depositions withdrawn in full from the records of the Senate Select Committee on POW/MIA Affairs. The list was compiled by looking in the OSS Parallel File series for each deposition listed in the "Formerly Classified Depositions" list in Appendix K (p. 93) of Ed Schamel's Reference Information Paper 90. I submitted this list as a mandatory declassification review request this morning.

You will hear from us as soon as any of the depositions is returned from the declassifying agency.

Sincerely,

KRISTEN WILHELM
