COMPLAINT

(Freedom of Information Act, 5 U.S.C. § 552, as amended)

This is an action under the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, *et seq.*, as amended, for the disclosure of records improperly withheld from plaintiffs.

Preliminary Statement

Five of the plaintiffs are family members of two aviators serving in the U.S. Air Force during the Korean War—Captain Harry Cecil Moore and 1st Lieutenant John Henry Zimmerlee.

Captain Moore piloted an F-51 Mustang night fighter, part of the 67th Fighter Bomber Squadron. On June 1, 1951, Harry flew one of six F-51's that had been enroute to conduct reconnaissance over North Korea when the Squadron was ordered to proceed north to provide close air support for a B-29 Bomber crew that had bailed out in enemy territory near the mouth of the Yalu River. Flying at about 5,000 feet, the Squadron was attacked by six MiG-15 aircraft of the Soviet 303rd Fighter Aviation Division that had been patrolling along the river. The Mustangs descended and split up into pairs and single flights. Harry and another Mustang flew south along the coast trying to evade the MiGs. One Mustang turned east and continued inland, while three MiGs chased Harry, hit his Mustang, which smoked, dropped, and landed gently in the Korean Gulf less than 100 feet from shore.

On February 27, 1952—eight months after the shoot-down—the Chief of Naval Personnel wrote to the Judge Advocate General "that there is a possibility that Captain Moore survived and is now a prisoner of war." But the government did not reveal to his wife, plaintiff Lois Moore, or his brother, plaintiff Bob Moore, that Harry may have been alive. Instead, in December of 1953, it wrote them that Harry had been reclassified, from Missing-in-Action, to Killed-in-Action.

Fifty years later, in 2002, the Pentagon informed Lois and Bob that evidence had been discovered by the US–Russia Joint Commission on POW/MIAs, indicating that communist forces had taken him prisoner. They later learned that Harry may have been transported to the Soviet Union.

A decade later, in 2013, the Department of Defense provided Louis and Bob with a copy of the Chief of Naval Personnel's February 1952 memorandum relating that Harry may "now be a prisoner of war." In November of 2019, a researcher discovered a November 1953 report that "Lt Moore, fighter pilot, was interrogated at the interrogation center," in North Korea's Camp 5. Harry Moore's story is memorialized in the documentary, *Keeping the Promise Alive*. See <https://www.youtube.com/watch?v=kma3hwFRJ1w>.

Air Force 1st Lieutenant John Henry Zimmerlee served as navigator aboard a B26C light bomber. Sometime after 9:00 p.m. on March 21, 1952, it crashed, after three of its five crewmembers successfully parachuted out. They were taken prisoner, and last seen in the custody North Korean and Chinese guards.

Re: FOIA requests for records regarding unrepatriated
United States POWs from the Korean War

Dear Ladies and Gentlemen:

This is request under the Freedom of Information Act, 5 USC § 552 *et seq.*, made by seven individuals and a corporation. They are Lois Moore, Robert Moore, Jana Orear, Christianne O'Malley, Michael Driggs, John Zimmerlee, Mark Sauter, and the POW Investigative Project, Inc., a nonprofit entity devoted to investigating the fates of United States POWs and MIAs last reported alive in communist captivity but never returned after the Korean, Cold, and Vietnam Wars. The requests seek records concerning American POWs captured by the communists, not reported to have died, and not returned after the end of the Korean War, as well as after Cold War shoot downs.

Mark Sauter is an investigative journalist and author. The other six individuals are family members of one of three unrepatriated Korean War POWs—Army Master Sergeant Robert Paul Bibb, Air Force Pilot Captain Harry Cecil Moore, and Air Force Captain John Henry Zimmerlee.

On July 20, 1950 Master Sergeant Robert Bibb was captured in the Battle of Taejon, an early fight in South Korea that overwhelmed the 24th Infantry Division, which was outnumbered and lacking communications and weapons.

Captain Harry Moore was taken prisoner on June 1, 1951, after Soviet MiG-15s shot down the F-51 fighter that he was piloting. He was thereafter transferred to the USSR, to Camp No. 18 near Potma, Mordovia, where, in 1952, he was interrogated by the Commander of the Soviet 64th Fighter Aviation Corps.

Exhibit 1

Air Force 1st Lieutenant John Henry Zimmerlee served as navigator aboard a B26C light bomber. Sometime after 9:00 p.m. on March 21, 1952, it crashed, after three of its five crewmembers successfully parachuted out. They were taken prisoner, and last seen in the custody North Korean and Chinese guards.

The term "POW" in the requests refer to United States military personnel taken prisoner during the Korean War, and the Cold War, who were not repatriated, and includes "MIAs," or missing in action. The term "POW records" should be read to include all intelligence material of whatsoever nature, including all reports, analysis, correspondence, signals intelligence or SIGNET (including transcripts of communist propaganda broadcasts), imagery, and live sighting reports. The term "live sighting reports" should be read to include those based on hearsay, together with the corresponding interview notes.

These requests do not seek information that appears in any record on the CIA website, or on any Department of Defense website, but only if such records were released in full, with no redactions.

Request 1

All records regarding the June 1, 1951 shoot down and capture over North Korea of the American F-51 piloted by U.S. Air Force Captain Harry Cecil Moore, his incarceration, interrogation, transportation from North Korea to the Soviet Union, his locations in the Soviet Union, including all evidence that he "may have been interrogated by Soviet officials." Captain Moore's service number is AO 711850. His date of birth is February 11, 1924.

Request 2

All records regarding the July 20, 1950 capture of Robert Paul Bibb, in Tuejon, South Korea, and his incarceration. He served in the Army Company C, 3rd Engineer Combat Battalion, 24th Infantry Division. His service number is RA-19076631. His date of birth is December 6, 1911.

Request 28 through 48 seek disclosure of records associated with twenty "Withdrawal Notices," restricting public access. These requests are set forth below, together with the Withdrawal Notices to which they refer.

Fee Waiver. The requesters seek a news media waiver of search and review fees under 5 U.S.C. §§ 552 (a)(4)(a)(iii), and a waiver of copying costs under 5 U.S.C. §§ 552 (a)(4)(A)(ii)(II), as disclosure will shed light on the government's operations and activities.

Mark Sauter is a member of the news media. He has been an award-winning investigative reporter and historian since 1987, employed by national and local television and newspaper outlets. He co-authored four books. One, written with Korean War POW expert John Zimmerlee, is titled *American Trophies*, and is subtitled, "How US POWs Were Surrendered to North Korea, China and Russia by Washington's Cynical Attitude." He coauthored with James Sanders, *The Men We Left Behind: Henry Kissinger, the Politics of Deceit and the Tragic Fate of POWs After the Vietnam War*, published in 1993. And he co-authored with James Carafano a McGraw Hill university textbook, *Homeland Security: A Complete Guide*.

Mr. Sauter served as a U.S. Army officer in the Special Forces and infantry, including service in the DMZ between South and North Korea. He has been investigating the fate of unrepatriated American POWs from the Korean and Cold Wars since 1989, and has uncovered evidence that the U.S. government knew that specific American prisoners were held at the end of the conflict but never returned,

that reports of their survival in enemy hands continued to be received for decades, and that information pertaining to their fate remains classified today. Mr. Sauter's findings on the POW issue have been covered by media organizations such as the Associated Press, New York Times, ABC News, Washington Post and Wall Street Journal.

Mr. Sauter gathers information of potential interest to the general public, uses his editorial skills to turn the raw materials into a distinct work, and distributes that work to his audience. Upon disclosure of the records sought, he has concrete plans to make the information public.

Materials on POW/MIAs will contribute significantly to public understanding on the operations or activities of the government. Among other things, they will reveal the extent, nature, intensity, and duration of the government's efforts to locate POW/MIAs, a subject that has long been of intense interest to the public. The records will provide information regarding the thoroughness, scope, intensity, dedication and creativity of the search for missing POW/MIAs. Disclosure will also show how agencies cooperated and coordinated their efforts with other agencies which possessed information on POW/MIAs.

The interest of enhancing the public's understanding of the operations or activities of the U.S. Government is clear, and the records' connection to these government activities is direct. Release of the information is will contribute to an understanding of government operations or activities regarding the Korean War POW/MIA issue, as compared with awareness prior to the disclosure.

This request seeks disclosure of records that have remained secret despite Congressional inquiries, the mandates of Executive Order 12812 and Presidential Decision Directive NSC 8, and "The McCain Bill," 50 U.S.C. § 435 Note.

Electronic format. Kindly produce these records in electronic format, PDF. See 5 U.S.C. § 552(a)(3)(B): "In making any record available to a person under this paragraph, an agency shall provide the record in any form or format requested by the person if the record is readily reproducible by the agency in that form or format."

Right of Appeal. The information sought is not the subject of pending litigation in the federal courts. In any event, kindly apprise the requesters of their right to administratively appeal any adverse response.

Sincerely,

John H. Clarke
