RE: Freedom of Information Act Request: NGC21-632; Civil Action No. 20-1735 (RCL)

Dear Mr. Clarke:

This is in response to your client's Freedom of Information Act (FOIA) requests to the National Archives and Records Administration (NARA), dated April 20, 2020, and May 21, 2021. We assigned your request internal tracking number NGC21-632. I regret the delay in sending this release.

As part of this fifth release, we processed 40 electronic PDF documents totaling 303 pages responsive to your request. After our review, we have determined that all 298 pages can be released in full. The documents themselves are box lists for various accessions in the Records of the Office of the Secretary of Defense (RG 330).

An additional part of this fifth release contains the records related to the documentation showing the legal transfer of the records into NARA's legal and physical custody. This contains sixteen (16) documents, two of which have minor redactions on five pages pursuant to 5 U.S.C. § 552(b)(6), protecting the email accounts of certain individuals.

As this request is now in litigation, please contact Assistant United States Attorney Thomas W. Duffey (Thomas.duffey@usdoj.gov) if you have any questions. The case number for this litigation case 20-cv-01735 (RCL).

TR-0330-2017-0128 - W330-78-0070

- Declass team confirms that there is no RD/FRD in this accession. Please bring it to draft and we will update the TR in ERA.

TR 0330 2017 0139 W330 77 0117A

- This is truly odd - The NA-14130 in our shared drive does not cite FOIA (I even did a search on 'FOIA' in the Word document and got no hit)
- It matches what is cited in ERA.
 - ERA and the form both says:
 - 6 USC 131-134: The Critical Infrastructure Information Act of 2002;
 - 10 USC 128, Unclassified Special Nuclear Weapons Information;
 - 10 USC 424, Protection of Organizational and Personnel Information for DIA, NRO, and NIMA;
 - 18 USC 2510-2520, Title III Wire Tap, Protection of Wiretap Information;

 - 42 USC 2168(a)(1)(C)FRD, Atomic Energy Act;
 - 50 USC 401 Note Sec 1082,
 - P.L. 102-190, Disclosure of Information Concerning US Personnel Classified as POW/MIA During Vietnam Conflict (McCain Truth Bill)

Hi Mary Beth,

I wanted to reach out about an additional 6 TRs, that were proposed in previous Annual Moves, that have form issues. We feel these 6 TRs may be resolved in time to meet the upcoming deadline for the Late Transfer.

These are the TRs:

- TR-0330-2017-0128 - W330-78-0070
- TR 0330 2017 0139 W330 77 0117A
- TR-0330-2019-0072 - W330-82-0277
- TR-0330-2019-0080 - W330-89-0127
- TR-0330-2019-0331 - W330-80-0085
- TR 0330 2019 0485 W330 81 0202

The attached spreadsheet contains the details for each TR form issue.

I am available to discuss these transfers further.

Thanks,

Thomas

Questions about transfers in the upcoming P2019 Late Transfer Annual Move

Weaver, Marybeth E CTR WHS ESD (USA) (b) (6)

To: Thomas Hool <thomas.hool@nara.gov>

Thomas,

1. W330-80-0088 - TR-0330-2019-0541: Since DIRC is not a FACA, I think these would be permanent under N1-330-92-001 / 103-06, Committee Files

In the previous version of our records schedule (dated 2008), the FN 103-06 for us IS for FACA files and cites a GRS citation. The non-FACA committees were listed under 102-19. In 2011, we updated 102-19 and moved it to 212-04 – N1-330-11-010, item 2. Why wouldn't it fall under that file series?

FILE NUMBER: 212-04**FILE TITLE:** Special Studies and Task Forces Files

FILE DESCRIPTION: Special studies, task forces, working groups, boards, or committees established by Agency authority (not established by Executive Order or Public Law) related to the Agency's mission, composed of full-time officers or employees of the Federal Government, and not subject to the Federal Advisory Committee Act (FACA). Includes committees tasked with reviewing or analyzing policy, studying reorganizations, base realignments, or recommending new actions. Also included are special task forces, boards, or committees appointed for special tasks that do not fall in other identifiable functional areas. Record information includes directives establishing, changing, continuing, or dissolving the committee, agenda, meeting minutes, final reports, and related records recording accomplishments of official boards and committees.

DISPOSITION: Permanent. Cut off annually or upon termination of the committee, board, or group; transfer to NARA 20 years after cutoff.

AUTHORITY: N1-330-11-010, Item 2**PRIVACY ACT:** Not Applicable**FORMER FILE NUMBER(s):** 102-19.1, 1803-01.2, 1807-01.4a

2. W330-93-0046A - TR-0330-2018-0002: Thank you for providing the NA-14130, however I did not see a corresponding updated Kyl-Lott. Can you please submit that?

The Kyl-Lott memo simply states that a review occurs. I have attached the Kyl-Lott Memo stating that to this email... Is there something else you want us to put down in it to 'update' it?

3. W330-95-0027 - TR-0330-2018-0029: To be clear, on the NA-14130 you marked that there are Referrals and Exclusions present in this transfer. If that is the case, we will treat this a classified transfer until the referrals are reviewed.

October 7, 2022 Production 000301

OK

4. W330-03-0112 - TR-0330-2019-0447: The file list attached to the SF-135 indicates that several files are declassified rather than unclassified. Can you please confirm if declassification review has been completed for these records and if so can you please provide the NA-14130?

Answered by previous email (saw your later email stating you got the response ☺)

5. W330-73A7870 - TR-0330-2018-0018: Thank you for clarifying that this transfer is unlikely to contain RD/FRD. In ERA, there is no classification identified, however the TR and the 14130 you attached cite FOIA b(3) Statutes. Can you confirm that this transfer is classified?

Yes, the transfer is Classified (Secret)

6. W330-77-0117A - TR-0330-2017-0139: The NA-14130 you attached cites 50 USC 3605, but the transfer in ERA does not. Can you confirm which is correct and resubmit the NA-14130 is ERA is accurate?

ERA should list 50 USC 3605. Please add that to the ERA TR as a citation.

7. W330-78-0079 - TR-0330-2017-0153: The NA-14130 and Kyl-Lott were not attached in the email. Can you please send those forms?

Attached.

8. W330-88-0104 - TR-0330-2018-0036: The NA-14130 you attached does not match the TR number for this transfer. Can you submit a NA-14130 that matches TR-0330-2018-0036?

Attached.

9. W330-75-0149 - TR-0330-2019-0244: The file list contain multiple references to NATO, can you confirm that these files relate to NATO but do not contain NATO-classified material?

This is a 2-box Accession, with a one-page box list. I only see one file that mentions NATO: "**NATO Hq 1970 and prior**" which refers to Installation & Logistics information about the NATO Headquarters facility 1970 and prior years. It is not a classification.

10. W330-84-0014 - TR-0330-2017-0091: The citations in ERA and the NA-14130 identify this transfer as containing RD/FRD, but the classification in ERA does not. Can you confirm if this transfer contains RD/FRD, and if not can you please provide an updated NA-14130?

Yes, per our Declassification Team, it contains both Marked and Unmarked RD/FRD.
